

Engineering Apprenticeship Programme 2019

Vacancy Ref. 008788

Vacancy Details

Advertised:	Internal & External
Department:	Engineering
Location:	Belfast, Downpatrick, Newcastle, Bangor & Coleraine
Contract:	4-year Apprenticeship Programme
Salary:	Please refer to Information Sheet

Job Description

Translink, operating as Ulsterbus, Metro, Northern Ireland Railways and NITHCo, operates 1355 buses, coaches and Gliders, alongside 45 trains, providing the Northern Ireland public with comprehensive stage carriage, express and school transport services. This extensive provision requires modern and varied engineering facilities which are located throughout the province.

In order to maintain and develop the highest standards of engineering, we have identified opportunities for structured **4-year Apprenticeships** which will commence in **September 2019**. Applications are invited for engineering apprenticeships within our Bus Engineering Department.

Essential Criteria

- Minimum of 5 GCSEs at Grade C or above or equivalent, including Maths and English, or be expecting to obtain these by the time of appointment
- Experience of using Microsoft Office packages including Word and Excel
- Demonstrate a practical hands-on approach and be a team player with a positive attitude, be hard working, committed and determined, self-motivated, with excellent communication skills, and have an understanding of how to deliver excellent customer service.

Please note:

- Whilst not essential, it would be beneficial for applicants to have had involvement in an engineering-related activity and/or possess a relevant engineering qualification.

Closing date: 12 noon on Wednesday 10th April 2019

Translink is committed to equality of opportunity. In this instance applications from women would be particularly welcome. We want to provide an environment to attract, retain and motivate the best
